Updated weights, scans and pregnancy diagnosis or other any new or relevant information will be available on sale day.

DELIVERY

All cattle to be transported from "Overtoun" and need to be picked up no later than Monday 28th May 2012 except for overseas purchased cattle.

CARRIER Six Star will arrange transport through Dick Smith Transport. Steven Smith 02 68 822 463, Peter Falls 0427 826 342. Representative available sale day.

DELIVERY OF SEMEN AND EMBRYOS will be EX - Holbrook Breeders, Holbrook NSW Ph: 02 60 363 149 or for North American purchased lots from Alta Genetics, Balzac Canada.

SALE CONDUCTED IN CONJUNCTION WITH AUCTIONS PLUS

BREEDING GUARANTEES

Bulls – In the unlikely event of infertility, the vendor guarantees that (without expenses, interest, costs and damages) if the bull proves to be totally infertile or totally incapable of natural service, provided it is not caused by an injury or disease contracted since leaving the sale, to either replace with an animal of comparable value or credit to the full purchase price will be given at the next sale or on a private sale animal upon return of the affected bull. If the bull does not possess a reasonable fertility, although not totally infertile, any claim shall be considered on its merits by the vendor and his veterinarian.

Any complaint must be lodged with a relevant veterinary certificate within 6 months of the sale direct to the vendor.

Females – All females are sold as guaranteed breeders. In the unlikely event of a female cannot be bred successfully within 6 months from the date of the sale or by the time the female reaches 22 months, the vendor guarantees (without expenses, interest, costs and damages) the purchase be refunded or a replacement female will be given (provided that the purchased female has not been injured or contracted disease since leaving the sale) upon return of the affected female. This guarantee does not apply to a female that is entered into an embryo transfer programme. The purchaser shall produce a veterinary certificate when required.

***Six Star, the selling agents, officers, agents and employees while exercising due care provide all information without responsibility and do not warrant its accuracy. They also accept no responsibility for accidents that occur on or about the venue. You attend the venue and the sale at your own risk.**

FOREWORD

Welcome to Overtoun and the Spectacular Ill Sale, "The Big One".

As I write this foreward, the Speckle Park breed is roaring along,going from strength to strength all over the world. Carcass competitions,purebred interbreed show rings to the end product being served in Top End restaurants, all over the world Speckle Park's are doing it and doing it right every day !!

Of course the breed's meteoric rise to prominence in the beef industry is led by its commercial relevance and acceptance. The succulent taste and meat tenderness of Speckle Park beef added to the breed's innate ability to pass on their special positive carcass and marbling traits to crossbred and purebred calves is seeing the Speckle Park herd growing dramatically all over Australia , Nth America, New Zealand and Europe.

At Six Star we are proud to be "The Source" of superior world leading Speckle Park genetics, genetics that have been purposely designed to enhance the gene pool and in turn strengthening the already superior commercial traits of Speckle Park .

With the breed's own branded product "Speckle Park Supreme" (TM) leading the way in having Speckle Park steak served in some of the world's leading restaurants and steak houses, the future of Speckle Park is very bright,as bright if not brighter than any beef breed on the world stage.

We would like to congratulate all our clients and fellow Speckle Park breeders who have shown their cattle throughout the country on winning EVERY Royal Show Grand Championship,male and female over the past year. All these cattle were bred from embryos or cattle selected and/or bred by Six Star, a feat that not only makes us proud but also instils us with even more confidence that what we are breeding is the RIGHT type of Speckle Park. It is just another reason that we know you can also have confidence when buying from Six Star.

This year's draft, as the name THE BIG ONE suggests, will allow you to select cattle from the largest pool of purebred Speckle Park genetics and live cattle the breed has seen at one sale. If you are looking to start a Speckle Park stud, add to an existing program or buy your first Speckle Park bull for your commercial cow herd, we are sure you will find an individual to fit your requirements.

The bull portion of the sale show lots of growth for age yet keeping the traditional Speckle Park frame score that allows the breed's easy doing ability, carcass and marbling traits to stay at the fore. They have been reared on grass, as per our management practices of keeping things as natural and grain free as possible. They have had a light oats based mix over the past few weeks to have them ready to go straight out to work for you...tomorrow!

If you are looking for a quality NEW STUD SIRE there is a number of outstanding and exciting prospects here today !

They bring NEW and out crossed pedigrees to the breed,coming from some of the best of our new FULL IMPORTED sires and dams and offered for the first time anywhere in the world.

As you will appreciate these bulls are all bred out of outstanding matrons of the Speckle Park breed,cows that have the runs on the board before we select them to be flushed for us, so you know the hard work has been done and you can buy with confidence.

In the FEMALE and EMBRYO section you have the opportunity of a lifetime to secure outstanding individuals. The females show all the femininity and broodiness that makes the Speckle Park cow such a great "mother ". As with the bulls there are pedigrees that will only be available at this sale. There is potential show champions and potential champion breeders through out the draft.

The EMBRYOS and SEMEN lots are chock full of the most interesting and EXCLUSIVE bloodlines the breed has to offer. When you read through the catalogue you will see why we are saying this is the BEST of the BEST, with genetics that will NOT be offered again for a long long time, truly EXCLUSIVE and one off offering !!

Please join us on Friday afternoon to view the cattle then stay for our customer appreciation PIZZA & DRINKS night,meet with fellow breeders and talk SPECKLE PARK !

We wish you all the best with your purchases, if you have any problems please don't hesitate to contact us, we are here to help in any way we can. Have a safe trip home.

REFERENCE SIRES

STAR BANK LACERTA 68L

P.A.R. GREAT WESTERN 11F
SPOTS 'N SPROUTS JUNO 103J
SPOTS 'N SPROUTS 6A

NORALTA 9E
STAR BANK 55H
STAR BANK 4

One of, if not the leading Speckle Park sire in the breed, he was the 2003 Grand Champion at Farmfair and has produced many Champion offspring including in 2007 both Grand Champions at Canadian Western Agribition.

His progeny grow quickly, have the most impressive muscle pattern with lots of marbling and beautiful super feminine females.

Lacerta 68L was our major sire used in 2007 and 2008. His calves are excellent here in Australia as well as throughout Canada and Ireland.

STAR BANK KING GEORGE 82U

PRAIRIE HILL ENTICER 89G
SPOTS 'N SPROUTS NEFROM 101N -C2A- PB
SPOTS 'N SPROUTS 6A -414- FS

NORALTA 9E -A4H- PT
STAR BANK 11H -898- PT
LIGHTNING LADY 19C -506- PT

Agribition Grand Champion, out of super cow Starbank 11H, KG is quickly becoming a Speckle Park sire with unlimited potential. Again this young sire has fault free structure, perfect feet and a very docile disposition. His calves are born easy, around the 38kgs, they are showing his style and thickness and are very easy on the eye with plenty of extension through the front end, yet with loads of big thick butts and extra testicular size in his bull calves. His super feminine females show as first calvers beautiful square milky udders. One of the best bulls the breed has seen. Outcross genetics as well.

EXCLUSIVE to Six Star Australia & Canada

RIVER HILL TRAFFIC JAM 26T

HWY. 4 SPECKLE PARK 20J -B1Q- FS
A & W JOEY 55P -[CAN]1971- PB
TRIPLE A THUNDERETT 55J -1008- FS

CODIAK HAMLET 37H -A8B- FS
CALAMASUE 26R -[CAN]2108- PT
CALAMASUE 2M -1513- PT

Grand Champion at the 2010 Canadian Western Agribition.

At only 10 months, he was Calf Champion and then Reserve Grand Champion at Agribition.

He is an out cross pedigree, very attractive and easy on the eye. His progeny are extremely thick with his first sons winning here in Australia and Canada, including Walker.

He has natural thickness to the extent rarely seen in any breed but has plenty of growth to him and extension up front that will allow him to develop into a super sire.

REFERENCE SIRES

RIVER HILL WALKER 60W

A & W JOEY 55P -[CAN]1971- PB
RIVER HILL TRAFFIC JAM 26T -[CAN]2538- PB
CALAMASUE 26R -[CAN]2108- PT

P.A.R. MOO FASSA 03M -B8J- FS
RIVER HILL SHOW ME OFF 60S -[CAN]2246- PT
RIVER HILL SNAP SHOT 60M -1452- PT

Walker is our exciting young sire.

He was RESERVE GRAND CHAMPION at AGRIBITION 2009 and when at side with his mother, she (River Hill Show Me Off 60S), was awarded GRAND CHAMPION FEMALE at AGRIBITION 2009.

He is as thick a Speckle Park as we have seen with good testicular development, borne out by his ability to produce super semen at 12 months.

CODIAK CRIKEY GNK 13U

SPRUCE LANE VENTURE 3J
RAVEN MEADOWS MAGNUM 10N
PARKLAND SPECKLE PARK 10J

P.A.R. IMPACT 11G
CODIAK RKW 07J
ATIM LADY 3D

Out of a super donor cow, Crikey shows an immense amount of thickness and natural doing ability.

He has an out cross pedigree to nearly all of the females used in Canada over the past three years.

Our first calves were born in the autumn of 2010 as you can see today they are exciting individuals.

PRAIRIE HILL JOHN WAYNE 50S

P.A.R. KING PIN 1K -B2M- FS
PRAIRIE HILL DURMAX 93N -A2K-R- AP
PRAIRIE HILL FANCY PANTS 93J -999- FS

PRAIRIE HILL MASTERPLAN 97G -A6M- PT
PRAIRIE HILL NABOB 50N -1624- PT
PRAIRIE HILL KERRY 10K -1141- PT

Selected in 2006 as a young calf on his magnificent dam. JW was Reserve Junior Champion Agribition 2007.

JW is one of the most interesting bulls we have seen in the breed, combining power and muscle with extra extension and a little added frame.

He strides out over a lot of ground on a great set of legs and perfect feet. His progeny show all his performance.

REFERENCE SIRES

SPOTS & SPROUTS STANDS ALONE 300X

HWY.4 SPECKLE PARK 20K -B2F- PT
STYALS LIGHTNING LADD 14P -[CAN]2061- PT
LIGHTNING LADY 10C -505- PT

STAR BANK LACERTA 68L -B5Q- FS
SPOTS 'N SPROUTS 2R -[CAN]2144- PB
SPOTS'N SPROUTS 21L -1389- PB

The BEST Speckle Park bull I have seen!! Big call? Yes, but 300X is an awesome individual. As thick and wide based as you will ever find coupled with a smooth front end with great sire's outlook and neck extension.

When we first saw him he was a standout on his young Lacerta 68L mother. She has a beautiful udder and perfect feet, his sire was a well grown free moving white bull with lots of muscle as does this one.... Stands Alone.

Stands Alone 300X has a picture perfect structure all standing on a great set of sound feet. Add to this his bomb proof quiet disposition and you have what I believe is the "next great one". YES he truly STANDS ALONE in the Speckle Park breed.

EXCLUSIVE to Six Star Australia and Canada.

RIVER HILL STRIKER 50U

SPOTS 'N SPROUTS JUNO 103J
STARBANK LACERTA 68L
STAR BANK 55H

PRAIRIE HILL MASTERPLAN 97G -A6M- PT
PRAIRIE HILL NABOB 50N -1624- PT
PRAIRIE HILL KERRY 10K -1141- PT

To have a mother such as 50N and a dad like Lacerta 68L you would expect Striker couldn't be anything else but outstanding and he is !

This young bull is set to add a new dimension to Speckle Parks. Striker is power packed ! Muscle and more muscle and with an extra rib and length to him. His calves are as thick as you will ever see with smooth muscle patterns and the bonus of added kg per day weight gains. Nabob 50N has bred some great calves including the great Stud Sire John Wayne. There has been lots of very good Lacerta sons BUT none of them have a mum as good as Nabob 50N. This young sire will add to any program..... remember his name... STRIKER... he will be in the pedigrees of lots of the good ones in the years to come.

EXCLUSIVE to Six Star Australia

A&W 15R

THUNDER 168D -A3X

ASPEN ACRES T.N.T. 4Y -QQ- PT
TRIPLE A GEM 15G -849- FS
SPOTS AND SPROUTS 15Y -406- PT

As time goes on 15R has become one of the breed's leading sires and is fast becoming a true breed leader. He is siring thick easy fleshing progeny and throwing lots and lots of colour.

15R is without doubt a Superior Speckle Park Sire. Six Star bought 15R outright in 2010 and we have used him physically in our Canadian herd for 2 years with great success . He is a very sound footed bull with large testicles and a very well put together front end. His mother A & W Gem15G is one of the BEST cows you could wish to see,magnificent milk flow and still going at 15 years old a breed legend.

EXCLUSIVE to Six Star Australia and Canada.

PUREBRED BULLS

LOT 1

SIX STAR 50S ANCHOR E229

DOB: 08/09/2009

Anchor is the reigning Brisbane Grand Champion. Thick and extra long this bull will suit any program. Structurally sound with great feet he is a stud sire in the making with some of the best cows in the breed up front in his pedigree. Looking for a stand out easy care sire, E229 is it!

LOOKING FOR EASY DOING, WORLD WIDE CARCASS WINNING
STEERS WITH BIG BUTTS - THICK TOPS...
SPECKLE PARK BULLS WILL GIVE IT TO YOU!

BRAHCKLES - THE BRAHMAN CROSS
IS A "WINNER"

KING GEORGE - SEMEN

King George is fast becoming one of the most sought after bulls of the breed. He has the ability to produce calf after calf that has such good structural soundness, one of the most important traits in the livestock industry.

He adds muscle and his progeny are very smooth as you will see by his great group of cattle here today. In Canada he has left us with an amazing line of fault free individuals. Our first females have calved and have fantastic udders and milk flow.

As with all great bulls they need a great mother and KG has that in 11H she has bred the house down.

We are only selling a very limited amount of semen here today and that will be the ONLY registerable semen we sell until 2013, anywhere in the world.

Avail yourself of being able to use a soon to become breed legend in purchasing the semen and registrations here today.

THE GREAT, REBA 154F
DAM OF "NO PEERS"
NOW 16 YRS OLD.

A&W 15R
SIRE OF "NO PEERS"

A&W 15G
PATERNAL GRAND DAM
OF "NO PEERS"

We are proud to offer what we believe to be a very exclusive offering in the Speckle Park Breed in this young calf, "Six Star Has No Peers".

This is a designed mating of two of the most admired and sought after Speckle Park individuals in the breed any where in the world.

G201's Dam 154F is without doubt one of, if not THE finest cows in the breed, she is endowed with great longevity and is as sound as a bell. She has been described by many very astute cattlemen that have seen her and her progeny as "THE GREAT ONE" she has produced 13 natural calves with 5 becoming sires and then having a very positive affect in the herds of Speckle Parks all throughout the world.

Has No Peer's sire 15R, we believe is the breed's "sleeper" and is ready to become one of the most admired bulls the breed has seen. He again is structurally superior and is in turn out of another great cow of the breed in 15G. 15R adds IMF, muscle, sound feet and structure, colour markings and great dispositions.

I won't say any more than, look at the superior individuals in Has No Peer's ancestry and you will see why we are so excited about what this calf has to offer the new owner and the breed in general. Picture the genetic maternal and meat progress this guy can give you as a breeder. His future as a sire of importance to any program is unlimited.

SELLING :

100% Full possession, and 50% of World semen marketing rights. These rights to be shared between the purchaser and Six Star.

Please talk to Six Star representatives prior to the sale for more information.

BUYERS CHOICE

LOT 46

ONE HEIFER

THE CHOICE OF EITHER A HEIFER FROM STARBANK 90P BY A&W 15R OR A HEIFER FROM STARBANK 90P BY RIVER HILL WALKER 60W. BOTH BORN MARCH 2012.

**STARBANK 90P,
DAM OF BUYERS
CHOICE HEIFERS**

RIVER HILL WALKER 60W

A&W 15R

The chance of a life time! We offer the Choice of either a heifer out of Starbank 90P and A & W 15R OR Starbank 90P and River Hill Walker.

Either of these two heifers will take you to the top of the tree in quick time. The 15R's are very very hard to get and as you will see we will only be offering 15R Semen and Embryos TODAY and then nothing until 2013!!! So to be able to aquire a female by this bull is very rare.

The heifer by Walker is another one out. This is the first Walker female we have ever offered for sale.

Both these females are out of one of the best Starbank cows in 90P she has produced magnificent progeny year after year and by many different bulls. As you can see she is deep ribed and very thick, she milks extremely well and is sound as a bell.

Take your pick, either one will be a great buy.

Selling 100% in the choice of either of these to heifers. The heifer will stay with us untill weaning at 7 months. So we guarantee a live calf at that 7 months.

PURCHASER: _____ **\$** _____

A&W 15R - SEMEN

See page 7 Sire Reference page

Another of the EXCLUSIVE 4 !!

A & W 15R is the bull that is setting our breed alight in NZ ,Canada and here in Australia. The raw data on 15R progeny show he is a superior prepotent sire passing on his IMF and muscle traits giving 15R a great edge in what the Speckle Park breed is all about and that is meat quality,marbling and carcass traits.

15R like all the great ones has a dam to die for in 15G. He is structurally perfect with one of the soundest set of feet and legs you could wish for an a bovine animal. He colour marks virtually ALL his progeny (we have no blacks here or in Canada) and we haven heard of any from other breeders.

We are not selling ANY semen in 15R until mid 2013 so you have the opportunity to use one of the breeds best breeding bulls knowing there will be a very limited number of progeny here or overseas. We own the bull outright in Canada and there will be NO semen released there as well.

**STANDS ALONE 300X
PICTURED AT 14 MONTHS.
QUIETEST OF DISPOSITIONS!**

SPOTS & SPROUTS STANDS ALONE - SEMEN

The BEST Speckle Park bull I have seen!! Big call? Yes ,but 300X is a an awesome individual. As thick and wide based as you will ever find coupled with a smooth front end with great sire's outlook and neck extension. Birth weight of only 35kgs! is another bonus! 300X has a powerful sires head and oozes breed character out of every inch of his muscle packed body. See sire reference page 7.

When we first saw him he was a standout on his young Lacerta 68L mother. She has a beautiful udder and perfect feet, his sire was a well grown free moving white bull with lots of muscle as does this son.... Stands Alone.

Stands Alone 300X has a picture perfect structure all standing on a great set of sound feet. Add to this his bomb proof quiet disposition and you have what I believe is the "next great one". YES he truly STANDS ALONE in the Speckle Park breed.

The semen and registrations offered here today will be the ONLY offered anywhere in the world until mid 2013. This could be the most important genetic offering in the sale.

NB we will make available semen in Canada for that country and the USA and if overseas buyers are successful in purchasing any of these lots they can have the semen delivered from Alta Genetics Al Balzack Alberta Canada. In Australia it will be EX Holbrook Breeders (see page 3).

RIVER HILL STRIKER 50U - SEMEN

To have a mother such as 50N and a dad like Lacerta 68L you would expect Striker couldn't be anything else but outstanding and he is !

This young bull is set to add a new dimension to Speckle Park. Striker is power packed ! Muscle and more muscle and with an extra rib and length to him. His calves are as thick as you will ever see with smooth muscle patterns and the bonus of added kg per day weight gains.

Nabob 50N has bred some great calves including the great Stud Sire John Wayne. There has been lots of very good Lacerta sons BUT none of them have a mum as good as Nabob 50N. This young sire will add to any program..... remember his name... STRIKER... he will be in the pedigrees of lots of the good ones in the years to come. You have the opportunity today ONLY to try this exciting young sire !!

Again Striker is one of the EXCLUSIVE 4. The semen and registrations offered today will be the ONLY sold until 2013.

THE SIX STAR ADVANTAGE

- ★ Premium genetic selection based on structural soundness, doability, traditional breed frame score and size, coupled with maternal and carcass traits.
- ★ Six Star has been “The Source” of the very best in genetics available in the Speckle Park world since the breed’s inception in Australia. A massive 100% of Speckle Park Royal Show Grand Champions in Australia have come from Six Star selected or bred genetics.
- ★ NO GRAIN rearing. Our cattle are reared and weaned off grass only. This ensures our weaners are seen in true, no frills condition and their future structural soundness is not compromised with unnecessary supplemented grain rations.
- ★ Our after sales service is based on INTEGRITY from a team of conscientious, honest, experienced cattlemen. We are here to help you achieve your goals.
- ★ Six Star has one of the broadest genetic bases in the world.
- ★ We select from the largest breeding base of cows in Canada. This includes our own herd of over 60 top end females originating from the famous Starbank herd which we purchased in its entirety in 2008.
- ★ Six Star now runs one of the largest breeding herds in Australia. With our overseas genetics, this gives us the unique ability to produce diverse and outcrossed genetics in both hemispheres.
- ★ Six Star has the largest and most varied genetic Sire battery owned by any Speckle Park Stud in the world today. This gives our clients the advantage of being able to use the most varied bloodlines to benefit their programs.
- ★ Our fully imported Canadian embryos and semen are selected only after spending many weeks a year inspecting and analysing the Canadian herds for superior stock to use here in Australia.
- ★ Working with Six Star you have the advantage of working with a vertically integrated company. We offer an “Embryo to Plate” program, including purchasing exclusive embryos, organising to have them implanted for you, and live calf guarantees. We help you commence your breeding program and market your Speckle Park cross calves at a premium prices via our breed’s Branded Beef product, Speckle Park Supreme™. At Six Star all your needs can be handled with the help of one company, one group of friendly cattlemen and women.
- ★ Six Star gives you the advantage of being able to call on the expertise of one of the world’s leading breeders and judges in Greg Ebbeck. Greg is available to help when making your breeding and selection choices. He is in charge of the genetic selection of both our Donor Dams used for embryo transfer and the vast Sire power. A Six Star co-director, Greg travels extensively to source the best genetics for Six Star and for you. He is the only Australian to have the honour of judging the internationally-famous “Supreme Beef Show”, the Interbreed Champion of Champions at the Canadian Western Agribition in 2010. You can be confident of having experienced cattlemen helping you if needed.
- ★ The Six Star shareholders were the founding members of Speckle Park International Inc - the breed society for Australia and New Zealand. When it comes to getting off on the right foot in the Speckle Park world, get the ADVANTAGE and use Six Star “The Source” as your starting point.
